Re: [REDACTED] a minor v. City of Waupun

Dear Mr. Corcoran:

We are in receipt of your most recent letter regarding the status of settlement negotiations in regard to your client and the City of Waupun. The Cities & Villages Mutual Insurance Company is of the opinion that their offer to your client of \$30,000 regarding the incident complained of, is not only generous, but in light of the circumstances, most reasonable. [REDACTED]

[REDACTED]

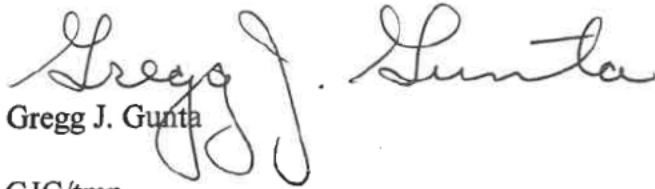

If and when you decide to file a legal action in regard to this matter, we can assure you that we will make a complete statutory Offer of Judgment. In addition, it is the position of our client that if separate counsel needs to be hired, that that is a cost that they are willing to assume rather than pay any additional amounts to your client.

I will again renew our generous offer of settlement in the amount of \$30,000. If you wish to discuss this matter further, please feel free to contact me at (414) 291-7979.
